### Summary

Results-driven Regional Planning Manager with 8 years of experience in urban planning, land use development, and project management. Proven track record of delivering projects on time, within budget, and with high customer satisfaction. Skilled in GIS mapping, data analysis, and stakeholder engagement.

### Experience

Regional Planning Manager

City of New York

Managed a team of 5 planners to develop and implement comprehensive regional plans, including zoning regulations, transportation systems, and community development projects.

- Developed and implemented a 5-year regional plan, resulting in a 25% increase in affordable housing units and a 15% reduction in traffic congestion
- Collaborated with stakeholders to secure \$10 million in funding for a regional transportation project, which improved public transportation options by 30%
- Conducted data analysis and GIS mapping to identify areas of high population growth, informing the development of targeted outreach programs and increasing community engagement by 50%

Jan 2018 - Present

New York, NY

Senior Planner

Los Angeles County

Coordinated with cross-functional teams to develop and implement land use plans, zoning ordinances, and environmental impact assessments.

- Spearheaded a team to develop a comprehensive land use plan, resulting in a 20% increase in commercial development and a 10% increase in job creation
- Conducted public outreach and engagement efforts, resulting in a 40% increase in community participation and a 25% increase in plan adoption rate
- Collaborated with external stakeholders to secure \$5 million in funding for a regional park project, which increased recreational space by 50% and improved air quality by 15%
