EXPERIENCE

Gerontology RN

Jan 2020 - Present

ElderCare Hospital

New York, NY

Utilized expertise in gerontological nursing to develop and implement individualized care plans for geriatric patients, resulting in improved patient outcomes and satisfaction

- Developed and implemented individualized care plans for 25 geriatric patients, resulting in a 30% reduction in hospital readmissions
- Conducted comprehensive geriatric assessments, including physical, psychological, and social evaluations, to identify patient needs and develop targeted interventions
- Collaborated with interdisciplinary teams to provide holistic care, including medication management, wound care, and fall prevention, resulting in a 25% decrease in patient falls
- Provided education and support to patients and families on disease management, healthy aging, and end-of-life care, resulting in a 90% patient satisfaction rate
- Participated in quality improvement initiatives, including the development of evidence-based practice guidelines and staff education programs, resulting in a 20% reduction in hospital-acquired infections

RN, Medical-Surgical Unit

Jun 2018 - Dec 2019

General Hospital

Los Angeles, CA

Provided direct patient care to medical-surgical patients, including vital sign monitoring, medication administration, and wound care, while developing and implementing individualized care plans to improve patient outcomes

- Provided direct patient care to 15 medical-surgical patients, including vital sign monitoring, medication administration, and wound care
- Developed and implemented individualized care plans, resulting in a 25% decrease in patient length of stay
- Collaborated with physicians and other healthcare professionals to develop and implement treatment plans, resulting in a 30% reduction in patient complications
- Participated in unit-based quality improvement initiatives, including the development of evidence-based practice guidelines and staff education programs, resulting in a 15% reduction in hospital-acquired infections
- Precepted new hires and student nurses, resulting in a 95% satisfaction rate among new staff members
