## SUMMARY

Results-driven Sustainable City Planner with 8+ years of experience in urban planning, policy development, and project management. Proven track record of delivering sustainable and resilient city plans, with a strong focus on environmental stewardship, social equity, and economic viability. Skilled in stakeholder engagement, community outreach, and collaborative leadership. Committed to creating thriving, inclusive, and sustainable cities for future generations.

## EXPERIENCE

### Senior City Planner

New York City Department of City Planning • New York, USA • 2018 - Present

Develop and implement comprehensive city plans, policies, and programs to promote sustainable urban development, with a focus on climate change mitigation and adaptation, green infrastructure, and social equity.

- Led a team of 5 city planners to develop and implement the NYC 2050 Plan, resulting in a 25% reduction in greenhouse gas emissions and a 30% increase in green spaces
- Collaborated with stakeholders to develop and implement the NYC Climate Justice Plan, resulting in a 40% reduction in energy consumption and a 25% increase in renewable energy sources
- Developed and managed a \$10 million budget for sustainable city planning initiatives, resulting in a 20% return on investment and a 15% increase in community engagement

### City Planner

Los Angeles Department of City Planning • Los Angeles, USA • 2015 - 2018

Assisted in the development and implementation of city plans, policies, and programs to promote sustainable urban development, with a focus on transportation, housing, and community development.

- Assisted in the development of the LA General Plan, resulting in a 20% increase in affordable housing and a 15% reduction in traffic congestion
- Collaborated with stakeholders to develop and implement the LA Transportation Plan, resulting in a 25% increase in public transportation usage and a 10% reduction in air pollution
- Developed and managed a \$5 million budget for city planning initiatives, resulting in a 15% return on investment and a 10% increase in community engagement
